WORK EXPERIENCE

Green Motion Albania

June 2018 - Present

IT and Network Development Coordinator

Developing the internal infrastructure and network maintenance. The main duty was to develop a web-based GPS tracking system alongside with a reservation inbox which would assign new bookings to a calendar, sort of an agenda. The server used was Debian and the GPS system was based on GPSTrack, an open-source gps tracking system. Now continuing as a system admin.

ATIS Sh.p.k

January 2018 - June 2018

WordPress Developer

Developing websites using WordPress as CMS and web languages PHP, Javascript and HTML/CSS.

Manoolia Sh.p.k

January 2017 - December 2017

Junior Web Developer

Developing websites, mostly using WordPress, especially with custom fields.
I worked with Bootstrap and JQuery a lot.
First touch with PHP, JavaScript and MySQL.

Manoolia Sh.p.k

September 2016 - January 2017

Automation Specialist of Software and Databases

Manually testing websites, web applications and mobile apps for bugs and responsivity.
Fixing small bugs that wouldn't need the help from the developer.

INTERESTS

Why you should choose me?

Throughout the time I have been working in some dynamics projects and companies. I always had the feeling and strong conviction that I can do more for myself and my profession. The new position I am applying for, provides me the opportunity to show what I can really do. I consider it the most suitable position to teach the others all the lessons I have learned and share the knowledge and also learn from them.

If you really trust my abilities and knowledge and think that I deserve this opportunity, please contact me. I am looking forward to your response.

Yours sincerely, Panajot
